Slip and flow additive

TEGO® Flow 375

**DESCRIPTION**

TEGO® Flow 375 is a silicone-free acrylic leveling agent. It offers excellent compatibility and good flow promotion. It is highly recommended for solventborne clear coatings.

**KEY BENEFITS**

- highly compatible
- recoatable
- heat resistant

**EFFECT**

- Anti-crater effect
- Flow promotion
- Slip effect
- Anti-blocking
- Low foam

**SUITABILITY**

- **waterborne**
  - suitable
- **solventborne**
  - partly suitable
- **2-pack 100%**
  - partly suitable
- **radiation-curing**
  - partly suitable
- **pigmented coatings**
  - partly suitable
- **clear coatings**
  - partly suitable

**TYPICAL APPLICATIONS**

- Coil coatings
- General industrial coatings

**RECOMMENDED ADDITION LEVEL**

As supplied calculated on total formulation: 0.2 - 0.7 %

**PROCESSING INSTRUCTIONS**

- Addition as supplied is recommended.
- Easy to incorporate.

**HANDLING & STORAGE**

When stored in an original unopened packaging between -40 and +40 °C, the product has a shelf life of at least 24 months from the date of manufacture.

**MSDS & REGULATORY INFORMATION**

This information and all further technical advice are based on our present knowledge and experience. However, it implies no liability on our part, including with respect to existing third party intellectual property rights, especially patent rights. In particular, no warranty, whether express or implied, is given of product properties in the legal sense is intended or implied. We reserve the right to make any changes according to technological progress or further developments. The customer is not released from the obligation to conduct careful inspection and testing of incoming goods. Performance of the product described herein should be verified by testing, which should be carried out only by qualified experts in the sole responsibility of a customer.
