TEGO® Foamex 32

DESCRIPTION
TEGO® Foamex 32 is a highly effective and compatible self-emulsifying defoamer concentrate based on polyether siloxane technology. Especially for architectural paints.

KEY BENEFITS
- self-emulsifying defoamer concentrate
- suitable for ecolabel-compliant formulations
- for medium- to high-PVC formulations

APPLICATION RECOMMENDATION
- Brush application/roller application
- Airless spraying
- Compressed air spraying
- Flexo/gravure printing
- Dip coating, flow coating, curtain coating
- Flooring

SUITABILITY
- waterborne
- solventborne
- 2-pack 100%
- radiation-curing
- addition to the grinding stage
- addition to the let-down stage

TYPICAL APPLICATIONS
Architectural paints

TECHNICAL DATA
- active matter: 100%
- appearance: hazy liquid
- chemical description: polyether siloxane copolymer, contains fumed silica
- solvent: solvent-free

SOLUBILITY
- Water: not soluble
- Ethanol: partly soluble
- TPGDA: soluble
- Butylacetate: partly soluble
- Mineral Spirits: partly soluble

RECOMMENDED ADDITION LEVEL
As supplied calculated on total formulation: 0.05 - 1.0%

PROCESSING INSTRUCTIONS
- Addition to the let-down or in clear coats requires high shear forces or predilution.
- Addition to the coating as supplied or as a predilution is possible.

HANDLING & STORAGE
When stored in an original unopened packaging between -10 and +40 °C, the product has a shelf life of 24 months from the date of manufacture.

MSDS & REGULATORY INFORMATION

This information and all further technical advice are based on our present knowledge and experience. However, it implies no liability or other legal responsibility on our part, including with regard to existing third party intellectual property rights, especially patent rights. In particular, no warranty, whether express or implied, or guarantee of product properties in the legal sense is intended or implied. We reserve the right to make any changes according to technological progress or further developments. The customer is not released from the obligation to conduct careful inspection and testing of incoming goods. Performance of the product described herein should be verified by testing, which should be carried out only by qualified experts in the sole responsibility of a customer.
