TEGO® Foamex 34 is a highly effective defoamer concentrate based on polyether siloxane technology for the grinding stage. Especially for architectural paints.

### Key Benefits
- strong defoaming effect
- suitable for ecolabel-compliant formulations
- for high-PVC formulations

### Technical Data
- **Active Matter Content:** 100%
- **Appearance:** Hazy Liquid
- **Chemical Description:** Polyether siloxane copolymer, contains fumed silica
- **Solvent:** Solvent-free

### Application Recommendation
- Brush application/roller application
- Airless spraying
- Compressed air spraying
- Flexo/gravure printing
- Dip coating, flow coating, curtain coating
- Flooring

### Solubility
- **Water:** Soluble
- **Ethanol:** Partly soluble
- **TPGDA:** Soluble
- **Butylacetate:** Soluble
- **Mineral Spirits:** Not soluble

### Recommended Addition Level
As supplied calculated on total formulation: 0.05 - 0.5 %

### Processing Instructions
- Addition to the let-down or in clear coats requires high shear forces or predilution.
- Addition to the coating as supplied or as a predilution is possible.

### Handling & Storage
When stored in an original unopened packaging between -10 and +40 °C, the product has a shelf life of 24 months from the date of manufacture.

### Typical Applications
- Architectural paints
- Floor coatings
