TEGO® Rad 2200 N

DESCRIPTION
TEGO® Rad 2200 N is a radically cross-linkable slip and substrate wetting additive combining utmost compatibility and strong slip. Recommended for systems requiring leveling and improvement of flow.

KEY BENEFITS
- highly compatible
- suitable for sensitive clear coats
- excellent flow and slip

EFFECT
Substrate wetting
Flow promotion
Slip effect
Release
Defoaming effect
Clarity in varnishes

SUITABILITY
- waterborne
- solventborne
- 2-pack 100%
- radiation-curing
- pigmented coatings
- clear coatings

TECHNICAL DATA
- active matter content: 100%
- appearance: clear to slightly hazy liquid
- chemical description: silicone acrylate, radically cross-linkable

SOLUBILITY
- Water: soluble
- Ethanol: soluble
- TPGDA: soluble
- Acetone: not soluble
- Butylacetate: partly soluble
- Mineral Spirits: partly soluble

RECOMMENDED ADDITION LEVEL
As supplied calculated on total formulation: 0.1 - 1.0%

PROCESSING INSTRUCTIONS
Addition to the coating as supplied or as a predilution is possible.

HANDLING & STORAGE
When stored in an original unopened packaging between +4 and +40 °C, the product has a shelf life of at least 12 months from the date of manufacture. The product should be stored out of direct sunlight.

MSDS & REGULATORY INFORMATION

This information and all further technical advice are based on our present knowledge and experience. However, it implies no liability or other legal responsibility on our part, including with regard to existing third-party intellectual property rights, especially patent rights. In particular, no warranty, whether express or implied, or guarantee of product properties in the legal sense is intended or implied. We reserve the right to make any changes according to technological progress or further developments. The customer is not released from the obligation to conduct careful inspection and testing of incoming goods. Performance of the product described herein should be verified by testing, which should be carried out only by qualified experts in the sole responsibility of a customer.
