

Intermediate

# TEGOMER® H-C 5002

## DESCRIPTION

Low molecular hydroxy-functional polyacrylate

## KEY BENEFITS

- improves the adhesion
- flexibilization
- hydroxy reactive

## TECHNICAL DATA

<b>appearance</b>	yellowish, viscous liquid
<b>delivery form</b>	liquid
<b>hydroxyl value (as supplied)</b>	110-130 mg KOH/g
<b>non-volatile content</b>	100 %
<b>viscosity at 25 °C</b>	Approx 90,000 mPas

## PROCESSING INSTRUCTIONS

Roller, brush or airless spray-application is possible.

## HANDLING & STORAGE

When stored in an original unopened packaging between +4 and +40 °C, the product has a shelf life of at least 6 months from the date of manufacture.

## MSDS & REGULATORY INFORMATION

This information and all further technical advice are based on our present knowledge and experience. However, it implies no liability or other legal responsibility on our part, including with regard to existing third party intellectual property rights, especially patent rights. In particular, no warranty, whether express or implied, or guarantee of product properties in the legal sense is intended or implied. We reserve the right to make any changes according to technological progress or further developments. The customer is not released from the obligation to conduct careful inspection and testing of incoming goods. Performance of the product described herein should be verified by testing, which should be carried out only by qualified experts in the sole responsibility of a customer. Reference to trade names used by other companies is neither a recommendation, nor does it imply that similar products could not be used.
